

PREPARED FOR (CLIENT): Brand: Aurelle / Siddhi Website Project: Luxury 3D D2C Flagship Web Platform Location: India	DEVELOPER / CREATIVE TECHNOLOGIST: Name: Krishna Mathur Role: Senior Creative Technologist & Full-Stack Lead Delivery: GitHub & Vercel Edge Production
--	---

PROJECT SCOPE & OBJECTIVE

Design, engineering, and turnkey deployment of a bespoke, award-winning 3D WebGL D2C e-commerce website for **Aurelle Hygiene Hardware**. Built with high-performance Three.js, React, TypeScript, and Vite. Includes 1:1 photorealistic physical product replication (Photo 3 exact hardware match), visionOS floating UI gallery, interactive checkout engine, sub-second load times, and 100% mobile responsive optimization across all modern smartphone devices worldwide.

ITEMIZED DELIVERABLES & COMMERCIAL BREAKDOWN

PHASE / SCOPE MODULE	SPECIFICATION & DELIVERABLES	AMOUNT (INR)
Phase 1: Creative Direction & Luxury Design System	- Curated porcelain, alabaster mist, and brushed champagne gold palette - Editorial typographic hierarchy (Instrument Sans & Bricolage Grotesque) - Award-winning boutique refresh/entry preloader animation with progress telemetry - Glassmorphism tokens, micro-interactions, and visual design assets	₹45,000
Phase 2: Custom 3D WebGL Real-Time Hardware Studio	1:1 Physical CAD reconstruction matching real hardware (Photo 3): - Vertical rectangular dock with raised Champagne Gold perimeter bezel - Flat-rectangular wand shaft with top suspension eyelet & gold thumb slider - Interactive 360° orbital drag & touch rotation with zero latency - Real-time lighting simulator (Daylight / Sunset Evening warm ambience) 4 Architectural wall tile surfaces (Travertine, Fluted Marble, Slate, Terrazzo) 3D Tri-Layer Capsule Pod with animated micro-bubbles & 8K Macro toggle	₹95,000
Phase 3: High-Converting Indian D2C Commerce Engine	6-digit Indian PIN code logistics validation with city auto-detection - Multi-tiered bundle selector with automatic household savings calculator - Slide-out Cart Drawer with dynamic live tax & free BlueDart air shipping rules - Frictionless Checkout page (Cash on Delivery ₹0 fee, Instant UPI, & Card modes) - Dynamic Order ID generation (#AUR-XXXXX) & WhatsApp order notification flow	₹65,000

Phase 4: Symmetrical Editorial Gallery & Mobile Optimization	• Symmetrical 2-column architectural gallery with matching 520px height • Floating visionOS glassmorphism dock with 7 high-res setting previews • Fullscreen 4K photo lightbox zoom modal • 100% mobile-friendly responsive layout tested for iPhone, Android, & iPad • Safe-area inset bottom padding for iOS home indicator bars with zero page overflow	■45,000
Phase 5: Cloud Deployment, Version Control & Handover	• Git version control repository setup & commit history on GitHub • Global edge production deployment on Vercel CDN with SSL encryption • Complete source code handover, comprehensive documentation, and launch guide	■30,000
SUBTOTAL	Comprehensive Production Package (All 5 Phases)	■2,80,000
PRE-LAUNCH COMMERCIAL DISCOUNT	Special preferred rate for initial brand launch	- ■15,000
TOTAL COMMERCIAL INVESTMENT (NET) Turnkey Flagship Production Ready for Immediate Use ■2,65,000 INR		

MILESTONE PAYMENT SCHEDULE:

- **40% Project Advance (■1,06,000 INR):** Upon agreement and kickoff of 3D modeling and architecture.
- **40% Milestone Completion (■1,06,000 INR):** Upon review and signoff of interactive 3D WebGL & checkout prototype.
- **20% Final Handover (■53,000 INR):** Upon live deployment to Vercel and transfer of GitHub repository ownership.

PAYMENT METHODS ACCEPTED: Direct Bank NEFT / RTGS / IMPS / Instant UPI
